

NEW HIGH SCHOOL TO BE DEDICATED

Governor Will Attend Interesting Exercises at Amelia To-Day.

[Special to The Times-Dispatch.]
Amelia, Va., March 23.—The recently completed new high school building at Amelia will be formally dedicated with appropriate exercises to-morrow. The chief addresses will be delivered by State Superintendent of Public Instruction J. D. Eggleston and Governor Mann. The exercises will be held in the new building, and the morning session will be opened with a brief address by the school principal, J. D. Harris, who will introduce County Superintendent C. B. Bowers. Mr. Bowers will speak on the subject, "The Educational Outlook in America." Following a song by the school there will be an address by Dr. Philip T. South, chairman of the board of trustees, on the subject, "A Brief History of the High School." The main speech of the morning session will then be delivered by Mr. Eggleston, who will discuss some educational subjects.

Lunch will then be served to the guests of honor and visitors, and early in the afternoon there will be addresses by State Examiner of Schools O. L. Shewmon and Governor Mann.

The interest in the High School here is regarded as almost phenomenal. People who were bitterly opposed to it are now among its staunchest supporters and patrons.

The new building is equipped with the most modern sanitary and ventilation apparatus, and drinking water is obtained from a 100-foot drilled well in the ground below the rock strata, the supply going to the school through a pneumatic steel tank pressure system.

The grounds, consisting of three acres, have been cleaned and enclosed by a substantial fence.

Mr. Mann is in the West at present, and his views in the premises are unknown here, but he has never shirked duty yet, and no doubt is felt that he would undertake the thankless task of trying to lead the minority, if the offer comes with reasonable appearance of unanimity.

TWO MEN STRUCK BY TRAIN

R. F. D. Carriers Injured While Crossing Railroad Tracks.

[Special to The Times-Dispatch.]
Scottsboro, Va., March 23.—W. B. Chandler and his son-in-law, Samuel Baptist, both well known citizens of this place, and rural free delivery carriers, while en route to the post-office for their mail, were struck by the 6 A. M. passenger train and thrown to each side of the track. They were picked up and carried by the same train to the hospital in South Boston for treatment.

Letter From Sister-in-Law Probably Saved His Life

During the month of November, 1908, I was taken with pains in the back, loins and legs. I could not sleep, had no appetite, and if I stooped down I could not straighten up. For the pain in my back I tried several remedies of several doctors, but could not get any relief. My wife's sister, Mrs. R. J. Black, 1421 So. Broad St., Philadelphia, Pa., wrote and advised me to try Dr. Kilmer's Swamp-Root, that it had cured her and several others. I then wrote you for a sample bottle, which I received by return mail. Even the sample brought good results. After taking the sample you sent me I bought a small bottle and it began to do me good. I bought four bottles, and to-day I am free from pains in my back, loins and limbs, and sleep fine, eat good and my indigestion has gone entirely, and I surely had a bad attack of indigestion. I am not troubled with anything on the back and limbs at all, and feel like a new being. I wish to state that Dr. Kilmer's Swamp-Root cured me entirely of all those ailments.

My age is 51 years. My trade is a mason; my occupation is foreman for the Birmingham Water Works Co., 2114 First Ave. I live at 2419 Fourth Ave., Birmingham, Ala., and will gladly speak in praise of Dr. Kilmer's Swamp-Root at any and all times, as I think it is the best medicine that I ever saw.

Yours truly,
J. T. MANLEY,
Birmingham, Ala.

Jefferson County, State of Alabama.
I personally appeared before me, M. A. LAYET, a Notary Public in and for said county, in said State, J. T. Manley, who was made known to me, and who being by me duly sworn, deposes and says that the above statements are true.

M. A. LAYET,
Notary Public.

Letter to Dr. Kilmer & Co., Birmingham, N. Y.

Prove What Swamp-Root Will Do For You

Send to Dr. Kilmer & Co., Birmingham, N. Y., for a sample bottle. It will convince any one. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing be sure and mention the Richmond Daily Times-Dispatch. Regular fifty-cent and one dollar size bottles for sale at all drug stores.

Carolina Pine Association brings its convention to a close to-night. Addresses were made by Congressman John H. Small, of North Carolina; E. F. Perry, secretary of the National Wholesale Lumber Dealers Association, and several others.

Horton Corwin, of Edenton, N. C., was elected president; A. R. Turnbull, vice-president for North Carolina; R. J. Cherry, vice-president for Virginia, and G. J. Cherry, vice-president for South Carolina.

A large number of directors were elected for North and South Carolina and Virginia.

RESISTS ARREST

Very Belligerent Young Man Strikes Officer

H. H. Tate, a young white man from Hewlett, was arrested last night on a warrant issued by Edna Cannon and Annie Kent, of 1400 S. 10th St., for resisting arrest. Tate, who is a well known citizen of this place, and rural free delivery carrier, while en route to the post-office for their mail, were struck by the 6 A. M. passenger train and thrown to each side of the track. They were picked up and carried by the same train to the hospital in South Boston for treatment.

Blow With Paying Stone.

Annie Booker, colored, was arrested last night on the charge of hitting Mary Sadler, also colored, on the head with a paving stone. Police Officer Crafton arrested her and Dr. Turman, of the ambulance, took her to the hospital. Indications are that the scheduled hearing of the pending charges against the Standard Oil Company, the National Oil Company and the Richmond Oil Company will be held this morning without a petition for continuance from either side.

Magistrate Cheatham, by special request, has obtained permission to conduct the hearing in the Hustings Courthouse, Part 2. Aside from the large number of witnesses summoned public interest has been so stirred by the assault against the giant corporations that a great number of spectators is expected. It was stated yesterday afternoon that "Squire Cheatham" has not decided whether the case will be held first.

Although the hearing is to begin this morning the accused oil companies refuse to make public the counsel retained by them. From other sources it is reported that Eppa Hunton and Charles L. Page will defend the Standard Oil Company, but nothing can be gathered as to who is to represent the other two companies. Commonwealth's Attorney Gregory and Conway Sands will press the case for the county.

Case Postponed.
The case of J. E. Sykes against Mrs. D. A. Albright, appealed from Police Court, Part 2, which was set to be tried this morning before Judge Wells in the Hustings Court, Part 2, has been postponed until April 2. Judge E. H. Wells returned yesterday from court, having lived here for many years. Judge Cheatham's case in the Circuit Court for several days.

Fire Area Crushed.
In attempting to adjust a pulley Wednesday afternoon about 2 o'clock in the factory of the Standard Paper Company W. J. Stiles, manager of that concern, suffered the ends of two fingers on his left hand, the third and fourth fingers were caught in the machinery and completely crushed before Mr. Stiles could be released from his agonizing situation.

The machinery was hastily stopped and the manager taken to the office, where Dr. Tucker treated him. Mr. Stiles was then taken to his home at Bensley, on the Petersburg car line.

Mr. Stiles is well known through South Richmond, having lived here for many years. Last summer he built a home at Bensley and moved with his family to that place.

Report Dog Owners.
The police of South Richmond have been urged to begin reporting dog owners who have not taken out the dog license called for by law, in order that lists may be made out for dog catchers, who begin operation on April 1. This law imposes a penalty of \$5 on dog owners who do not pay tax before the expiration of the time limit.

Will Move City Offices.
After making a tour of possible buildings fitted to be made over into offices for the city and water and tax departments in the South side, Building Inspector Beck, custodian of the city buildings, is said to have selected the old post-office in the Leader Building on Hull Street as the new quarters for these offices.

An inspection of this site showed that there was ample room for these three offices in the old post-office, and as soon as the fixtures can be installed and the office gotten in shape these departments will begin the undertaking of moving their books and files.

Successful Farm School.
Although the pressure of farm work just at this time prevented a great gathering of farmers at the University Agricultural Institute people in the new Chester Agricultural School, the latest interest has been displayed by those who were able to attend. On the whole, the attendance has been up to expectations.

Special stress is being laid by the lecturing professors on the cultivation of grasses and the subject of what grasses are best adapted to this soil and climate.

Prof. Schmitz spoke on alfalfa growing.

HIGH ART CLOTHING

YOU'LL never have to "cast sheep's eyes" at "HIGH-ART" CLOTHES, for they're all wool.

This lends life and springiness to the fabrics. The tailor can put the most style into them and you will get the most wear out of them.

"HIGH-ART" Clothes breathe the rollicking spirit of youth. The patterns are so cheery, that you won't weary of them. The tailoring is true all through. The styles are head and shoulders ahead of the conventional. You will like them, because they are unlike others. They have poise without pose and they radiate the richness and refinement of "clubbdom."

Apply for "HIGH-ART" Clothes at your dealer's and make sure that you are supplied with the genuine by looking for the label in the breast-pocket of the coat.

S. A. L. HAND-CAR STRUCK BY TRAIN

Member of Repair Force Ground to Pulp Under Wheels.

[Special to The Times-Dispatch.]

Cherryville, N. C., March 23.—While returning to Cherryville on a handcar about 7 o'clock this afternoon, the Seaboard Air Line section force, which is doing some work on the track and rounded several miles west of here, was overtaken by an east-bound freight train, and John Henry, a member of the force, was instantly killed.

From details available it seems that the handcar and train were moving in the same direction, and the men on the handcar, for some unknown reason, failed to become aware of the approaching train from the rear until it was almost upon them. Other members of the force escaped, but Henry, before he could get off the track the train hit the car.

Henry was knocked down and ground to a pulp under the wheels of the engine, and freight cars. Henry was thirty-two years old. He is survived by a wife and five children.
